## **2025-07-10 CITY OF RENSSELAER APPRECIATION POST**

The City of Rensselaer Water Department would like to express our appreciation and thanks to everyone that came together to help us perform the necessary water main repairs yesterday/today. Rensselaer Police Department & Indiana Department of Transportation for assisting with traffic control & road closure(s) to allow us to work safely. Remington Water Department for the mutual aid with their vac truck and Circle Supply for opening up after hours so that we could get additional repair parts. EJP for answering our call and mobilizing a service crew to assist with emergency valve insertions. Most importantly, our Streets, Sanitation, Water, Sewer & Electric employees who came together to execute these repairs safely and effectively. It was a long night but it's a great feeling to see everyone come together to accomplish a feat such as this.
