

Budget Billing Program

The budget billing program allows customers to pay a set amount (the actual previous 12-month average) each month. Any balance or credit due at the end of the budget period will offset the budget amount for the new budget period.

****Sewer rates are increasing effective January 1, 2025. Budget customers, billed for sewage, are encouraged to increase monthly budget payment beginning in January 2025.**

Requirements for budget billing:

- ✓ Residential customer
- ✓ 12 consecutive months at same address
- ✓ Zero balance

**Call the utility
office for details**
